

Institute for Sustainable Futures, UTS  
presents  
The Kitchen Table Masterclass Series  
**OFFICE WORMFARMING**

FRIDAY, 11 OCTOBER 2013

Ever thought about starting a wormfarm in the office?

### About the Masterclass

Join Dusty, one of our resident gardeners, in the ISF kitchen for a workshop on the joys and challenges of communal, office wormfarming.

Learn new tips and tricks, and take home something for the garden or pot plants.

### About our presenter – Dustin Moore

Dusty is a research consultant at ISF working on corporate sustainability and resource futures. As well as worm farming and growing tomatoes and cucumbers in the office, he has recently been a guest gardener at UTS Housing Gumal speaking about the challenges of container gardening on rooftops.
