ACHIEVEMENT

WELLBEING
**ARE INEXTRICABLY
LINKED**

Inaugural eminent
Ravenswood Psychologist in
Residence
Professor Martin Seligman,
July 2019

Living lives of
meaning ...

Hope

Who we are

We are a **peak association** of schools, universities, educators, parents, researchers, charities and other community members committed to **enhancing the wellbeing of students, building resilience and strengthening character.**

PESA is an outlier –
no other Australian organisation is solely committed to **actively promoting mental health & flourishing** rather than treating mental illness.

This approach **elevates the wellbeing of every student,** not just those with mental health issues or concerns.
