

Are you a clinician interested in palliative care research?

Join this free online
Clinical Trial Masterclass Series
from 2 May to 28 June 2023

What is the Masterclass Series?

Presented by the national Palliative Care Clinical Studies Collaborative (PaCCSC), this Masterclass Series is for new and emerging clinician researchers to increase knowledge, make connections, and get involved in clinical palliative care research. Sign up for one or more of the sessions.

What will you learn?

- ▶ The **lifecycle** of a typical clinical trial.
- ▶ What **support** is available to progress your new trial idea.
- ▶ How to **develop** a clinical trial protocol.
- ▶ How to avoid common clinical trial **issues**.
- ▶ How to **critically appraise** literature.
- ▶ Develop your **research skills** and capacity.
