Dear colleagues,

Welcome to the **Secretariat Report 2016-2018** for the Global Network of WHO Collaborating Centres for Nursing and Midwifery. This Report concludes our time as Secretariat and outlines meetings, activities and other relevant highlights carried out over the past two years. Information about the Global Network including its members and their respective terms of reference, GN WHO CC Strategic Plan and financial estimates for the Secretariat's role are also included.

It has been an honour for our Centre to undertake the role of Secretariat for the Global Network of WHO Collaborating Centres for the past four years. We have thoroughly enjoyed the rewards and challenges, fruitful collaborations and relationships established and strengthened during this time, and we are very pleased to have seen some very positive changes to the professions of nursing and midwifery globally.

We welcome the new Secretariat team from the John Hopkins University School of Nursing Collaborating Center for Nursing Knowledge, Information Management and Sharing (JHU) and will continue to assist them as they make a smooth transition into the role.

We look forward to collaborating with our partners and continuing our work as part of the Global Network WHO CC.

With best wishes and kind regards,

Professor John Daly, PhD, RN, FACN, FAAN
*Secretary General, Global Network of WHO CCs for Nursing and Midwifery
Head of WHO CC and Dean, Faculty of Health, UTS (2008-2018)*
